

Make it to take it!

Art & Jewelry Workshops for Youth

Offered on Early Dismissal and Teacher Workdays

Jewelry-making is a fun activity for youth that allows them to express their natural creativity with the added benefit of fostering hand-eye coordination and building self-esteem.

We work on various techniques – all hands-on – as well as problem-solving, and we make beautiful, unique creations along the way! With a little guidance, you'll be amazed at the pieces your child will make!

Dates, times, costs, and registration form available soon.
